Chasing clouds and fizzy springs

Three stories – one challenge

A myclimate Audio Adventure

Learn about Scuol's mineral springs, local history and environmental protection.

myclimate Audio Adventure School

The myclimate Audio Adventure Scuol is an interactive listening experience for the whole family. Listen to one of the three stories as you make your way from Scuol to Nairs and find out more about the climate, mineral water and Scuol's local history. It's like having your own personal guide!

- **Carbon Dioxide and Calcareous Tufa**
- **Aita Caviezel and the Ring of Nairs** (10 years and older)
- **Bigna, Gian Fadri and the Forgetful Wood Grouse** (5 years and older)

The stations

- 1 Tourist information center Scuol:** Borrow our audio guide devices and start your adventure
- 2 Plazzetta:** The perfect place to try the local sparkling mineral water
- 3 Entrance to Bogn Engiadina on Stradun Street:** The many faces of carbon dioxide
- 4 Munt Baselgia church hill:** Blue flowers from the Bronze Age
- 5 On the bridge:** Find out where the rest of the Inn river's water is hiding
- 6 At the Inn river:** Stroll along the river bank like a spa guest during the Belle Epoque
- 7 Nairs:** When toilet disputes lead to fist fights
- 8 Jenna da Nairs:** Let the stories sink in, solve the crossword puzzle and take part in our competition

How it works

1. You can borrow audio guide devices for free from the visitor information centre in Scuol or use the free app *izi.travel*.
2. Listen and explore: Walk through the streets of Scuol, across the Inn river to Nairs and then back to Scuol. Walking time (without stops): 2 hours. Listening time: 35 minutes.
3. Solve the crossword along the way for your chance to win great prizes.
