

## FIS World Cup Races 2022/23 in Switzerland

(for all accredited persons)

### BROADCAST DECLARATION

- No footage (own or 3<sup>rd</sup> party) from the official competition venues (e.g. race course, ski jumping hill, half-pipe, slope-style course, from the warm-up area up to and including the finish area, mixed zone) in the period from the start of the official programme on the competition day (qualification, inspection, warm-up, etc.) up to, and including, the flower ceremony may be filmed or published on any platforms.
- Publication of footage of all other activities and areas around the competition is allowed.
- Unilateral/self-produced interviews in the finish area/mixed zone may only be published after the flower ceremony on own individual platforms, provided no competition is visible in the background. Before the flower ceremony, the activities in the finish area/mixed zone (interviews with TV stations etc. may not be affected under any circumstances).
- Agreements to the contrary between the undersigned party, Swiss-Ski, SRG (Business Unit Sport) and/or Infront take precedence over this declaration.
